CITY OF San Dimas CALIFORNIA

Building and Safety Division

(909) 394-6260

Did You Know?

A permit is necessary to:

- Build and addition, remodel or alter your house
- Install a retaining wall or to remove one
- Replace, relocate or add a water heater
- Replace, repair or recover your roof
- Replace, add or retrofit windows
- Build or remove a patio cover, balcony or deck
- Install a pool or spa (even above ground)
- Add a new electrical circuit or extend existing
- Upgrade, repair or relocate an electrical panel
- Replace, relocate or add a heater or air conditioner

The purpose of a permit is to assure that construction complies with the Uniform Codes adopted by the City of San Dimas to protect health and safety, general welfare and your investment in your property.
