245 E. Bonita Avenue

It's Time to Get your Flu Vaccination!

Although the 2014-2015 flu season has not officially started the Los Angeles County Department of Health Services, are beginning to see flu (influenza) cases. Get your flu vaccination to protect yourself and your loved ones. This event will feature free vaccinations in a friendly and comfortable setting. After you can stop by the various information booths for treats, screenings and giveaways. Note: If you have an allergy to eggs or a serious illness, please see your doctor.

Who should get flu vaccinations?

Flu vaccinations are recommended for everyone 6 months of age and over, including healthy adults.

It is especially important to get a flu vaccine if you are:

- 6 months through 18 years of age.
- 50 years of age and older.
- Pregnant or just had a baby.
- Morbidly obese.
- Living in a nursing home or long-term care home.
- Living with a weakened immune system or chronic medical condition (diabetes, heart or lung disease).
- Living with or caring for someone who is more likely to have flu complications.
